Objective

IBM Certified Data Analyst with hands-on experience in Python (Pandas, NumPy, Matplotlib), SQL, Advanced Excel, and Power BI, including expertise in data scraping/web scraping, data cleaning, data transformation, and exploratory data analysis (EDA). Proficient in statistical analysis, data visualization, and business intelligence reporting to deliver actionable insights, support data-driven decision-making, and enhance organizational performance.

Interests: Data Engineering, Data Analysis and Data Science.

Skills

- **Languages:** Python | SQL
- **Libraries:** Beautiful Soup | Selenium | Pandas | Numpy | Matplotlib | Plotly
- **Tools:** Excel | Power BI | Jupyter Notebook | VS Code | IBM Cognos | Microsoft SQL Server | Git

Experience

Mesh Square   **Dec 2025-Present**
Junior Data Scrapper

- Automating web scraping with Python, Selenium, and Beautiful Soup to collect and structure high-quality lead data from multiple online sources.
- Cleaning, validating, and organizing scraped contact and company information to support accurate and targeted lead generation for the sales team.

Al Mustafa Trust   **Aug 2025 - Dec 2025**
Assistant System Engineer

- Guaranteed data accuracy within the healthcare ERP system through rigorous validation checks.
- Enabled reliable reporting and informed decision-making by ensuring high-quality, clean data.

Projects

Credit Card Fraud Risk Analysis | [GitHub](#)
Power BI

- Designed an interactive Power BI dashboard for Credit Card Fraud Risk Analysis to monitor fraud rate, risk levels, and transaction trends.
- **Tech Stack: Power BI, DAX, Slicers, KPIs and Interactive Visuals.**

Retail Sales Dashboard | [GitHub](#)
Microsoft Excel

- Created an interactive dashboard to analyze, KPI's, sales pattern and customer behavior for clearer business insights.
- **Tech Stack: MS Excel, Power Query, Power Pivot, DAX Measures, Data Modeling, Pivot Table, Pivot Chart, Slicers.**

Education

Bachelor of Software Engineering   **Bahria University**   **2023**

- Relevant Coursework: Object Oriented Programing (OOP), Database Management Systems (DBMS), Data Mining.

Certification

IBM Data Analyst Certification   **NAVTTC – EXD**   **Sep 2025 – Dec 2025**
Blended International IT Training Program

- Trained in SQL, Python, Excel and Power BI to build code data analysis and reporting skills.
- Gaining hands-on experience in data cleaning, visualization and analytical problem-solving.
